Java

```java
class Solution {
    public int largestInteger(int num) {

    }
}
```

JavaScript

```javascript
/**
 * @param {number} num
 * @return {number}
 */
var largestInteger = function(num) {

};
```

C++

```cpp
class Solution {
public:
    int largestInteger(int num) {

    }
};
```

C#

```csharp
public class Solution {
    public int LargestInteger(int num) {

    }
}
```
